

Perinatal Death in Domestic Animals

Proceedings of the 20th Symposium of the
Nordic Committee for Veterinary Scientific
Cooperation (NKVet)

Radisson Sas Saga Hotel
Reykjavik, Iceland

26–27 April 2007

Scientific Programme Committee

Chair

Þorsteinn Ólafsson, Iceland

Members

Mette Helga Schmidt, Denmark

Terttu Katila, Finland

Anna Eggertsdóttir, Norway

Hans Gustafsson, Sweden

The NKVet Board

Chair

Ann Margaret Grøndahl, Norway

Secretary

Ola Nyberg, Norway

Members

Vibeke Dantzer, Denmark

Vibeke Sørensen, Denmark

Tuula Honkanen-Buzalski, Finland

Terttu Katila, Finland

Þorsteinn Ólafsson, Iceland

Tore Tollersrud, Norway

Anders Engvall, Sweden

Hans Kindahl, Sweden

Practical organisation

Íslandsfundir ehf - Meeting Iceland

Suðurlandsbraut 30

108 Reykjavík

Telephone +354 588 9720

Manager: Þórunn Ingólfssdóttir

Mobile +354 898 6954

Editor

Þorsteinn Ólafsson

The Scientific Programme Committee and the NKVet would like to thank the Nordic Joint Committee for Agricultural Research which has made this Symposium financially possible.

The Committee and the NKVet would also like to thank MS Iceland Dairies for financial support and Meeting Iceland for organizing and hosting the NKVet 20th Symposium website.

Contents

- S1 Tissue cyst forming coccidia; *Toxoplasma gondii* and *Neospora caninum* as a cause of disease in farm animals**
Siv Klevar
- S2 Canine neonatal mortality in four large breeds**
Astrid Indrebø, Cathrine Trangerud and Lars Moe
- S3 Causes of bovine abortion, stillbirth and neonatal death in Finland 1999-2006**
Paula Syrjälä, Marjukka Anttila, Kati Dillard, Marja Fossi, Kirsi Collin, Minna Nylund and Tiina Autio
- S4 Causes of perinatal death in lambs in Oppdal and Rennebu, Norway**
Knut Ingolf Dragset, Lisbeth Hektoen and Margareth Opheim
- S5 Complex vertebral malformation syndrome in Holstein cattle: the story so far**
Jørgen S Agerholm
- S6 Feeding affects reproductive performance and reproductive endocrinology in the gilt and sow**
Olli AT Peltoniemi, Claudio Oliviero, Outi Hälli and Mari Heinonen
- S7 Genomic imprinting – an epigenetic regulation of fetal development and loss**
Preben Dybdahl Thomsen
- S8 High mortality rates among newborn laboratory mice – is it natural and which are the causes?**
Elin M Weber, Anna S Olsson and Bo Algers
- S9 High risk pregnant mare**
Mats HT Troedsson
- S10 Infections and perinatal diseases – a comparative overview**
Berit Djønne
- S11 Matrix metalloproteinases 2 and 9 in equine amniotic fluid and placental tissues during the last trimester and at parturition**
Charlotta Oddsdottir, Simon C Riley, Rosemary Leask, Abigail L Fowden, Sidney W Ricketts, Christine Aurich and Elaine D Watson
- S12 Modern technology in supervision of parturition to prevent piglet mortality**
Claudio Oliviero, Mari Heinonen, Matti Pastell, Jukka Heikkonen, Anna Valros, Outi Vainio and Olli Peltoniemi
- S13 Perinatal death associated with ET, IVP and cloning in cattle**
Mette Schmidt
- S14 Perinatal death in production animals in the Nordic countries - incidence and costs**
Olav Østerås², Mona Solum Gjestvang, Synnøve Vatn and Liv Sølvørød
- S15 Placenta functions with special emphasis on endocrine changes – a comparative overview**
Hans Kindahl
- S16 Prenatal death in Icelandic cattle**
Baldur Helgi Benjamínsson
- S17 Stillbirths in Holstein heifers – some results from Swedish research**
Hans Gustafsson, Hans Kindahl and Britt Berglund

List of Participants

Lastname	Firstname	Country	Email
Agerholm	Jörgen	Denmark	jager@life.ku.dk
