# Erratum to: Structural characterization of the carbohydrate-binding module of NanA sialidase, a pneumococcal virulence factor

Lei Yang, Helen Connaris<sup>\*</sup>, Jane A. Potter and Garry L. Taylor

After publication of this article [1], it was noticed there was an error in the Methods section under the subsection: Availability of supporting data.

The text including the error is as follows: “Coordinates and structure factors have been deposited in the Protein Data Bank with accession numbers 4ZXK, 4C1W and 4CIX for the apo structure, the 3<sup>1</sup>SL complex and the 6<sup>1</sup>SL complex, respectively.” Instead of 4CIX, it should read 4C1X.

This error has since been updated in the article [1].

Submit your next manuscript to BioMed Central  
and take full advantage of:

- Convenient online submission
- Thorough peer review
- No space constraints or color figure charges
- Immediate publication on acceptance
- Inclusion in PubMed, CAS, Scopus and Google Scholar
- Research which is freely available for redistribution

Submit your manuscript at
