THE BENEFITS OF PUBLISHING IN BIOMED CENTRAL'S JOURNALS:

OPEN ACCESS

Access to the research published in our journals is free (not only on the journal's website but also via PubMed Central, the National Institutes of Health's electronic archive of full text articles, UK PubMed Central and other national archives), which means anyone with Internet access can read your research.

HIGH VISIBILITY

Research articles are freely available to the entire global scientific and medical communities. Average full-text downloads are 250 per article per month.

INCLUDED IN PUBMED

All research articles published in BioMed Central's journals are included in PubMed, so your work can be found and cited by researchers and clinicians around the world.

YOU RETAIN COPYRIGHT

This means you can freely post your article on your personal or institutional homepage and e-mail it to friends and colleagues.

PUBLISHED QUICKLY

Online submission and peer review makes the whole process of publishing your research simple and efficient. Articles are published rapidly upon acceptance.

NO SPACE CONSTRAINTS

Publishing online means unlimited space for figures, extensive data and video footage.

GET YOUR ARTICLE PROMOTED

When appropriate, articles are promoted by e-mailing selected groups of researchers working in the same field or by informing the general and/or scientific press.
