REPRODUCTIVE BIOLOGY
AND ENDOCRINOLOGY

www.rbej.com

rbej@comcast.net

Editor-in-Chief: Antonin Bukovsky (USA)

Impact Factor: 1.70

Reproductive Biology and Endocrinology (RB&E) represents a global platform for reproductive and developmental biologists, reproductive endocrinologists, immunologists, theriogenologists, infertility specialists, obstetricians, gynecologists, andrologists, urogynecologists, specialists in menopause, reproductive tract oncologists, and reproductive epidemiologists.

Reproductive Biology and Endocrinology is indexed by PubMed, PubMed Central, Medline, Thomson Reuters (ISI), Biosis, CAS, EMBASE, Scopus, Zoological Record, Current Contents and Google Scholar.

JOURNAL OF
OVARIAN RESEARCH

www.ovarianresearch.com

editorial@ovarianresearch.com

**Editors-in-Chief: David T. Curiel (USA),
Sham S. Kakar (USA), Fumikaxzu Kotsuji
(Japan), Stefano Palomba (Italy)**

Unofficial Impact Factor: 2.10

Journal of Ovarian Research is an open access, peer reviewed, online journal that aims to provide a forum for high-quality basic and clinical research on ovarian function, abnormalities, and cancer. The journal focuses on research that provides new insights into ovarian functions as well as prevention and treatment of diseases afflicting the organ.

Journal of Ovarian Research is indexed by PubMed, PubMed Central, CAS, EMBASE and Google Scholar.

REPRODUCTIVE HEALTH

www.reproductive-health-journal.com

Georgina.Giddens@biomedcentral.com

Editor-in-Chief: Jose Guilherme Cecatti (Brazil)

Reproductive Health is an open access, peer-reviewed online journal focusing on all aspects of human reproduction.

Reproductive Health is indexed by PubMed, PubMed Central, CAS, EMBASE, Medline, Scopus and Google Scholar.

BIOLOGY OF
SEX
DIFFERENCES

www.bsd-journal.com

editorial@bsd-journal.com

Editor-in-Chief: Arthur P. Arnold (USA)

Biology of Sex Differences considers manuscripts on all aspects of the effects of sex on biology and disease.

Biology of Sex Differences is indexed by PubMed, PubMed Central, CAS and Google Scholar.

INTERNATIONAL BREAST FEEDING JOURNAL

www.internationalbreastfeedingjournal.com

ibj-editor@unimelb.edu.au

Editor-in-Chief: Lisa Amir (Australia)

International Breastfeeding Journal is an open access, peer-reviewed online journal that will encompass all aspects of breastfeeding.

International Breastfeeding Journal is indexed by PubMed, PubMed Central, CABI, Cinahl, Scopus and Google Scholar.

BMC

Pregnancy and Childbirth

www.biomedcentral.com/bmcpregnancychildbirth

editorial@biomedcentral.com

Unofficial Impact Factor 2.09

BMC Pregnancy and Childbirth is an open access, peer-reviewed journal that considers articles on all aspects of pregnancy and childbirth.

BMC Pregnancy and Childbirth is indexed by PubMed, MEDLINE, CAS, EMBASE, Scopus, Cinahl, CABI and Google Scholar.

BMC

Women's Health

www.biomedcentral.com/bmcwomenshealth

editorial@biomedcentral.com

Unofficial Impact Factor: 1.28

BMC Women's Health is an open access, peer-reviewed journal that considers articles on all aspects of the health and healthcare of adolescent girls and women, with a particular focus on the prevention, diagnosis and management of fertility disorders and diseases of gynecological and breast origin, as well as related genetics, pathophysiology, epidemiology, clinical reports and controlled trials.

BMC Women's Health is indexed by PubMed, MEDLINE, CAS, EMBASE, Scopus, Cinahl, CABI and Google Scholar.

BMC

Endocrine Disorders

www.biomedcentral.com/bmcendocrisord

editorial@biomedcentral.com

BMC Endocrine Disorders is an open access, peer-reviewed journal that considers articles on all aspects of the prevention, diagnosis and management of endocrine disorders, as well as related molecular genetics, pathophysiology, and epidemiology.

BMC Endocrine Disorders is indexed by PubMed, CAS, EMBASE, Scopus and Google Scholar.

BMC

Urology

www.biomedcentral.com/bmcurol

editorial@biomedcentral.com

Unofficial Impact Factor: 1.43

BMC Urology is an open access, peer-reviewed journal that considers articles on all aspects of the prevention, diagnosis and management of urological disorders, as well as related molecular genetics, pathophysiology, and epidemiology.

BMC Urology is indexed by PubMed, MEDLINE, CAS, EMBASE, Scopus and Google Scholar.

JOURNAL OF MEDICAL CASE REPORTS

www.biomedcentral.com/bmcurol

editorial@biomedcentral.com

Journal of Medical Case Reports (JMCR) is an open access, peer-reviewed online journal that will consider any original case report that expands the field of general medical knowledge. JMCR will consider research articles related to case reporting. Suitable research articles include but are not limited to: N of 1 trials, meta-analyses of published case reports, research addressing the use of case reports and the prevalence or importance of case reporting in the medical literature and retrospective studies that include case-specific information (age, sex and ethnicity) for all patients.

JMCR is indexed by PubMed, PubMed Central, Cinahl, Scopus and Google Scholar.

THE BENEFITS OF PUBLISHING IN BIOMED CENTRAL'S JOURNALS:

OPEN ACCESS

Access to the research published in our journals is free (not only on the journal's website but also via PubMed Central, the National Institutes of Health's electronic archive of full text articles, UK PubMed Central and other national archives), which means anyone with Internet access can read your research.

HIGH VISIBILITY

Research articles are freely available to the entire global scientific and medical communities. Average full-text downloads are 250 per article per month.

INCLUDED IN PUBMED

All research articles published in BioMed Central's journals are included in PubMed, so your work can be found and cited by researchers and clinicians around the world.

YOU RETAIN COPYRIGHT

This means you can freely post your article on your personal or institutional homepage and e-mail it to friends and colleagues.

PUBLISHED QUICKLY

Online submission and peer review makes the whole process of publishing your research simple and efficient. Articles are published rapidly upon acceptance.

NO SPACE CONSTRAINTS

Publishing online means unlimited space for figures, extensive data and video footage.

GET YOUR ARTICLE PROMOTED

When appropriate, articles are promoted by e-mailing selected groups of researchers working in the same field or by informing the general and/or scientific press.
