

Reviewer's report

Title: In Vitro Test of External Qigong

Version: 2 **Date:** 2 February 2004

Reviewer: Donald Murphy

Reviewer's report:

General

The authors have made a significant contribution to an area of research in which the standards of cell-biology that they employ are particularly welcome.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:

None
