Reviewer's report

Title: Electroacupuncture Analgesia Is Associated with Increased Serum Brain-Derived Neurotrophic Factor in Chronic Tension-Type Headache: A Randomized, Sham Controlled, Crossover Trial

Version: 4  Date: 23 April 2015

Reviewer: NATALIA P ROCHA

Reviewer's report:

Authors have addressed all my comments (and also the others’ reviewers suggestions) and the paper is now ready to be published. I have only one small correction (Page 13, line 318): when describing BDNF results, authors mentioned figure 4, when these results are actually described at figure 5. Please check.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
