Title: Integrating complementary and alternative medicine into academic medical centers: experience and perceptions of nine leading centers in North America

Version: 2 Date: 10 October 2005

Reviewer: Leana Uys

Reviewer's report:

General

I think the authors have addressed all the areas identified by the reviewers. They definitely addressed my own questions.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

None

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable
