PDF covering letter

Cover letter regarding changes.

Dear Editors,

Please find changes made as requested to the documents, as follows:

- Authors qualifications have been removed, and affiliations have moved as requested,
- Author contributorship has been addressed, letter attached
- Figure cropped and legend removed and attached to main document. Two different versions(a word, and a bitmap) are supplied in the figure 1 mod doc, for your preference.
- Tables 1 a and 1 b are now tables 1 and 2, and references within the documents have been changed.
- The changes suggested by reviewer have also been made

Thank you for your assistance with this process,

Regards,

J.Helen Fitton
