

## **Reviewer's report**

**Title:** Electrophysiological Evaluation of Phrenic Nerve Injury During Cardiac Surgery - Prospective, Controlled, Clinical Study-

**Version: 2 Date:** 19 November 2003

**Reviewer:** Yuksel Atay

### **Reviewer's report:**

General

All my original criticisms have been answered by the authors. The manuscript can be published without revision.

Discretionary Revisions (which the author can choose to ignore)

Minor Compulsory Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

**What next?:** Accept without revision

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No

**Declaration of competing interests:**

None
