

## Reviewer's report

**Title:** Epithelial cells in nipple aspirate fluid and subsequent breast cancer risk: a historic prospective study

**Version:** 3 **Date:** 12 November 2007

**Reviewer:** Joel Bentz

### Reviewer's report:

General

The authors have responded to all of the revisions requested. I don't have any further comments at this point.

-----  
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----  
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----  
Discretionary Revisions (which the author can choose to ignore)

**What next?:** Accept without revision

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**

I declare that I have no competing interests.
