Title: A Novel Cell Immunoassay to Measure Survival of Motor Neurons Protein in Blood Cells

Authors:

Stephen J. Kolb (skolb@mail.med.upenn.edu)
Amelie K. Gubitza (gubitza@ncbi.nlm.nih.gov)
Robert F. Olszewski Jr. (robert.olszewski@jefferson.edu)
Elizabeth Ottinger (ottingea@mail.med.upenn.edu)
Charlotte J. Sumner (sumnerc@ninds.nih.gov)
Kenneth H. Fischbeck (fischbeck@ninds.nih.gov)
Gideon Dreyfuss (gdreyfuss@hhmi.upenn.edu)

Version: 3 **Date:** 14 December 2005

Author's response to reviews:

Formatting changes were made as requested. The title was written in the sentence case. Author's qualifications were removed from the title page. The country was added for all affiliations on the title page. The section for author's contributions was added to the manuscript. The figure titles were removed from the uploaded figure files.
