

Reviewer's report

Title: Buprenorphine versus dihydrocodeine for opiate detoxification in primary care: A randomised controlled trial [ISRCTN07752728]

Version: 2 Date: 12 November 2006

Reviewer: Adrian Dunlop

Reviewer's report:

General
no further revisions required

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:

I have received funding from Reckitt Benckiser, for travel to an educational meeting and for presentation of a paper at a symposium
