

## Reviewer's report

**Title:** The feasibility of whole body vibration in institutionalised elderly persons and its influence on muscle performance, balance and mobility: a randomised controlled trial. [ISRCTN62535013]

**Version:** 4 **Date:** 4 November 2005

**Reviewer:** Vance Berger

### Reviewer's report:

General

I am happy with the second revision, and think that it should now be published as is.

-----  
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----  
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----  
Discretionary Revisions (which the author can choose to ignore)

**What next?:** Accept without revision
