Author's response to reviews: see over
Dear Editor,

We send You a new version of the manuscript in which are included all required corrections (marked in yellow in the manuscript).

We added the required references:

Tohma HS, Gulcin I: Antioxidant and radical scavenging activity of aerial parts and roots of Turkish liquorice (Glycyrrhiza glabra L.). *Int J Food Prop* 2010, **13**: 657-671

On the requirements of the third reviewers we did not respond because is not concrete and we think that his review is not objective.

We thank You for the efforts You made while analyzing our manuscript and, Your comments drew attention to some mistakes in order to make our manuscript even better. We hope that our manuscript will be accepted in your reputable journal.

Best regards,

Branislav Ranković
